Resume

Objective

To work in an environment that allows me to breath creatively; an organization that is willing to take risks and offers the freedom to develop unique solutions that are customized to the problem. To be a member of a team of creative minds that work together and challenge one another to build the most interesting content, experiences, and brand that we possibly can.

Education

Rochester Institute of Technology - BFA in Medical Illustration \ 2009–2013

Minor in Art History | 3.5 GPA | Dean's List Honors awarded 6 times

A.W. Dreyfoos School of the Arts - Visual Arts \ 2005–2009

Work Experience

Worldwide Ticketcraft - Boynton Beach, FL \ February, 2016 – Current

- Prepare client artwork for digital printing - edit artwork to account for correct color profiles, bleed and margins, and lay artwork out for the digital presses.
- Execute pre-press procedures before sending files directly to the presses.
- Created ticket and brochure layouts from scratch based.
- Using customer-provided material (photos, logos, graphics), we created a variety of printed materials from ticket books, single tickets, brochures, pocket folders, and fliers.
- A mastery of Adobe Photoshop, Illustrator, InDesign, and Acrobat is required daily to complete jobs as we get in artwork in multiple digital artwork formats.

SA Company/ Salt Armour (Contract) - Boca Raton, FL \ Fall 2015 – Winter 2015

- Created artwork of their fall and winter apparel.
- Develop creative advertising for AdWords, Instagram, and Facebook to promote holiday deals.
- Develop original artwork - following through from initial concept to final printed product.
- Work with the marketing team to assess the performance (clicks and conversions) of ads over time and make adjustments where necessary.
- Conduct market research for both apparel designs and advertising campaigns - apparel and ads are developed to cater to the interests of specific consumer demographics.

Corecare Associates, Inc. - West Palm Beach, FL \ October, 2014 – October, 2015

- Develop custom graphics for use in print and web publication.
- Develop original layouts for 3 separate newsletters (two quarterly, one monthly).
- Design, develop, and manage 3 separate websites (two HTML-coded, one WordPress).
- Assist in the visual development of 2 mobile apps as well as creating custom content for each.

Rare Antiques of the World - Palm Beach, FL \ January – October, 2014

- Research Assistant - researched artwork and antiques to assess the approximate value of the work based on condition, artist, period, and culture of origin.
- Wrote catalogue entries for artworks to be included in auction catalogues.
- Followed up buyer requests for additional information or detail photographs about specific works.

- Started as an art handler and worked up to advanced positions within months due to work ethic and knowledge of the fine art business.

Volunteer Experience

Palm Beach Photographic Centre - West Palm Beach, FL \ July 2015 - current

Designing materials on a volunteer basis. Responsible for working closely with the Admissions Director to develop creative and effective printed and web-based promotional material against fast-approaching deadlines.

Armory Art Center - West Palm Beach, FL \ May 2015

Assisted Armory staff execute a bronze pour for over 90 miniature wax sculptures. Involved in:

- Poured wax into molds.
- Assisted during the live bronze pour process.
- Released the sculptures from the molds once they cooled.
- Finished with cutting and sanding the now-bronze sculptures.

Undergraduate Medical Illustration Program, CIAS - Rochester, NY \ May 2013

Co-organized the first *Medical Illustration Undergraduate Senior Exhibition*. Responsibilities included:

- Worked closely with college administrators to secured funding.
- Organize the catering.
- Fund-raised the printing and framing costs.
- Promoting the event using posters and flyers, which we designed and printed internally.
- Printing, mounting, framing, and hanging the show.

Skills

Software - Adobe Creative Suite (Illustrator, Photoshop, InDesign, Lightroom); Word; Powerpoint; Windows; Mac; Google OS.

Hardware - Technical and fine art drawing; watercolors and gouache paints; Canon SLR and DSLR; Lost-Wax Casting; general office equipment (copiers, fax, scanners, etc.).

Coursework - Digital Illustration I & II; Anatomical Illustration; Scientific Illustration; Human Biology; Web Design I; Medical Illustration (Vector & Raster); Gross Anatomy; Anatomical Figure Drawing.

Personal

Brain - Critical thinking skills; problem-solving through research; leadership ability; thoughtful communicator; details matter; learn from mistakes.

Soul - Outdoorsman, tech junkie, artist, beach bum, sports fan, movie goer, photographer, culinary adventurer, suffer from the travel bug, work hard and play hard.
